

March 26, 2008

Dear Steve,

I would like to commend you and your staff for the care and consideration given to our facilities during the past two years of hosting in Greensboro, NC. The teens and their adult leaders have been very considerate of our facilities and our parish life building like their own home. Although we use the period after CHWC to clean carpets and to do touch up painting, we could return to regular usage of all of our rooms after the camp. The teens and adult leaders have done an excellent job in cleaning up after themselves in both the living areas and the large common areas.

In addition, many of my fellow parishioners have commented to me on how proud they were to host this great program and were more than happy to share our great facilities for on week each year. In fact, after the first year, one of the custodial staff who was on vacation during the camp, thought that the camp had been cancelled because he could not believe how clean the building was after the camp!

As you know, our kitchen facility has some challenges because of its size. However, your great staff of college students has been very careful in treating it with care and leaving it in better condition than they found it. We have also appreciated the donations of excess food to our local food bank. Just another way that CHWC positively impacts our community.

We look forward to working with you and your staff in the future. Thanks again for choosing Greensboro and giving St. Paul the Apostle Church the opportunity to host this great program.

Sincerely,

Guy Sanders
