

To whom it may concern,

My name is Perry Le Grange. I am the principal at St. John High School in Plaquemine, Louisiana. I have attended seven Catholic Heart Workcamps. I must say that they were all awesome. There have been many blessings poured out among my students and those whom we have helped. Throughout the seven years I have gotten to know most of the work camp office staff personally. They are awesome as well. Last year we held a work camp at St. John High School in Plaquemine. It was a very successful event. The work camp staff was very professional and well trained. We had no major problems at our school. In fact, the week was very fruitful and we helped many needy people in our community. I strongly recommend that you be open to the possibility of holding a work camp at your school. It will benefit many people in your area. Thanks for your consideration.

Sincerely,

Perry Le Grange
Principal
St. John High School
